

BATTERED SOUS VIDE CHICKEN

CREATE CRISPY, CRAVEABLE CHICKEN LIKE NEVER BEFORE.

The chicken game is about to change. With FLASH 180™ Battered Sous Vide Chicken you get easy-to-prepare, consistent chicken that helps increase productivity and profitability, without compromising flavor or value. All in approximately 2-3 minutes.

GET READY FOR A REAL TIME SAVOR.

READY WHEN YOU ARE

Save cook and prep-time compared to raw, par-cooked or fully-cooked frozen products. Our chicken allows you to go from fryer to plate in approximately 2-3 minutes.

SCRATCH-LIKE QUALITY

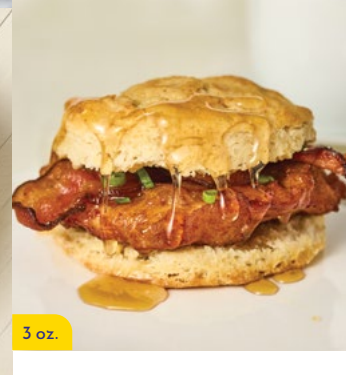

Our no antibiotics ever chicken is cooked sous vide while coated in a homestyle batter, allowing the batter to adhere perfectly, locking in flavor and moisture. Save your staff time and stress while delivering your guests a high-quality, tender and crispy chicken breast with a perfect batter-to-chicken ratio that delivers satisfying flavor and crunch.

MAKE IT YOUR OWN

Pre-cooked chicken doesn't mean a predetermined dish. Our chicken is coated in a batter that is a great base for additional breading or spices. This revolutionary method allows for easy customization to fit your operation's flavor and flare.
