POT ROAST: THE JACK-OF-ALL-PLATES

You deserve a protein that brings more to the table while allowing your back-of-house to do less. Let's think beyond the roasting pan and unlock the full potential of the humble pot roast, with its rich flavor and tender texture, and start treating it like **braised beef**.

POSSIBILITIES.**

The neutral flavor profile allows you to make it your own or quickly hop on trending global flavors.

A SLOW-COOKED EXPERIENCE FOR FAST-MOVING OPERATIONS

Gone are the days of tending to a roast for hours to achieve that melt-in-your-mouth texture and deep, traditional taste. Hormel Foodservice has taken the time to master the slow-cook process so you can focus on the plates while we focus on the prep.
